photography by Elan Penn

- ISBN 1-4027-1527-7
- Cloth
- 160 pages
- 9 ¼ x 12 ¼
- Illustrated
- \$14.94

Washington, D.C.'s great sites and buildings are more than merely beautiful structures. They are Symbols for the United States, for what it represents, and how our country came to be the great nation it is today.

Lavishly photographed and incisively written, *Washington, D.C., A Pictorial Celebration* is more than an evocative homage to the nation's capital. To look through these pages is to vividly examine the stories that convey America's history, sense of pride, and firm belief in the future.

Washington, D.C., A Pictorial Celebration, illuminates the city's natural and man-made beauty and pays tribute to the nation's citizens. It provides a fascinating story of America's capital in words and photographs. In these pages, America's history will not be forgotten.
